NKOA Women's World Sprints 2006 Training Squad

Squad Announcement for October trials

Tena koutou

We would like to sincerely thank all those that participated in this process (January through to June 2005). Having to cut people out of the squad was not an easy job but we hope that those who didn't make it this time still gained something from participation in the April and June camps.

Unsuccessful Triallists

We remind you that if you are not paddling but would still like to remain involved that we would welcome assistance with the management. Just give Marinna a call if you're interested.

We have cut the numbers to an approximate equivalent of 3 teams per division (except Golden Masters), remembering that we still have some people to trial.

Successful Triallists

Please keep in mind that there may be further cuts after the October Labour weekend event when we are expecting to pick up more paddlers from the teams competing at that time.

To relieve the pressure of numbers at camps we will be having the Open and Masters paddlers only at the August camp then the Senior Master, Golden Master and Open Development paddlers only at the October camp.

Some paddlers, such as steerers, may be asked to attend both camps but we will contact you directly if you are required.

Non Triallists

We recognize that there are a limited number of people who have, for notified reasons (prior to the June Camp), been unable to trial. Please note those people will be contacted shortly to determine your time trial details. Please note that this is not an option for additional paddlers to trial, only those who have already been in communications with the Management Team prior to the June Camp.

Reserves

Would those paddlers listed as reserves please contact Corrina on 021 494 050 anytime from Saturday 2 July onwards.

Training Programs

We expect to have a training program available from Criss Strange by Friday 8 July but we are on the 'waiting list' for Criss' time. If you have absolutely no idea what to do for training then call Corrina Gage directly.

So keep training and we look forward to seeing you all on the water or in the whipping (management) team.

Noho ora mai
Management Team

Squad List as at 01 July 2005

(minus trialists unavailable for June camp)
