

POCC are running a series of regattas with two races on each day. Being on the Estuary the conditions will be near on perfect so the racing will be Hard and Fast. This is a great new way to get through the winter months and should prove both exciting and challenging. The senior course will always be run on or close to the full tide so **read each panui as the next regatta could have a change in the programme.**

Programme

Saturday October 5th 2019
