Will there be a sound system on the start line?

No, the Waka Ama starts will be run purely on flags – please ensure your students are familiar with this process

How do the starts work?

Waka Ama

- Raising the white flag - indicates two minutes before the race start. The race shall start at any time within that two minutes. (waka moves to the false start line)
- Raising of the red flag – Waka move to a starting position behind the start
- The raising of the green flag indicates the start of the race.

Please note: If the starter raises a black flag during the starting procedure, this indicates that an infraction exists and the bow of at least one canoe is across the start line. Competitors will be allowed to line up correctly.

If, after a reasonable time, the infraction has not been corrected (in which case the black flag will not be lowered), the race may be started, resulting in the disqualification of those canoes that caused the infringement.

Are there time penalties for DQ's?

Yes, there are time penalties (10 seconds per infraction) in all heats. From the Semi-finals and Finals DQs will result in elimination.

Where are the results and progressions posted?

Results and progressions can be found near the porta-com at the finish line and online at www.liveresults.co.nz. At the end of each day, the results and draw for the following day will be posted online at www.wakaama.co.nz and emailed to all sports coordinators/teachers in charge.
